

NACAC Membership

At the North American Council on Adoptable Children (NACAC), we provide information and connections to make your life easier as you help children and adoptive families. We keep members abreast of key issues in adoption and foster care—such as the federal adoption tax credit. In addition, members become part of a North American network of child advocates working to make a difference in the lives of children and adoptive families.

All members receive the quarterly *Adoptalk* newsletter, discounts on conference and webinar registration, technical assistance from our staff on a variety of adoption and foster care issues, and 10 percent discounts on advertising in *Adoptalk* and conference publications.
